

CONVICT 20 OF HITLER'S SS

Nuernberg, Germany, April 9 (AP)—Twenty officers of Hitler's SS (Elite Guard) were convicted of wholesale murder today in an American finding for many seemed inescapable. Sentences will be announced tomorrow morning.

A three-judge court found them guilty on all three counts of an indictment charging the killing of at least a million Jews, gypsies and others classified by the Nazis as racial undesirables. Only two of the 22 men in the dock were found innocent in any degree.

The judgment was handed down by Presiding Judge Michael A. Musmanno of Pittsburgh. He summed up the counts as "plain murder." The conviction was the most all-embracing in the history of the Nuernberg war crimes trials.

One SS captain was acquitted of two counts—war crimes and crimes against humanity. He was convicted of the third—membership in a criminal organization; namely, the SS and the SD (a department that ran a spy system).

One corporal was found innocent of all three charges because he once quit the SS and got back into it only through the draft.

Convicted of all three counts were four SS generals, 12 colonels, three majors and one lieutenant.

PROBE DEATHS OF TWO WOMEN

San Francisco, April 9 (AP)—A two-count investigation of the deaths of two Scranton, Pa., women, first reported victims of food poisoning, was begun today.

Mrs. Marie Polovich, 20, and her mother, Mrs. Josephine Lameo, 50, died earlier this week after becoming ill at the Polovich home in Contra Costa county.

The seven-months-old Polovich child and her four-year-old cousin, Barbara Fodor, are ill.

Sgt. Edward P. Polovich, 29, a mess sergeant at Camp Stoneman, collapsed after the deaths of his wife and mother-in-law.

Make Complete Probe
Coroner John Kingston of San Francisco said he was not satisfied with army doctors' findings that the women's deaths were caused by eating contaminated shellfish. Both had been treated at army hospitals. San Francisco toxicologist Joseph Swin started bacteriological tests that will require several days.

"In a case like this we go right down the line with every possibility. We are checking for the possible presence of rodenticides, and we are checking on whether the victims were taking medicines prescribed by a doctor."

At Martinez in Contra Costa county, where the group were visiting at Mrs. Lameo's son-in-law's home, authorities were also probing the case. Their findings will be compared with those of authorities here.

physician's office and drove speedily through two red lights to her home along the Baltimore road.

Prescription Unfilled
The investigation definitely disclosed that Mrs. Plank did not have the prescription filled.

Early Thursday afternoon Mrs. Plank walked from a room and tossed a bottle labeled "strychnine" on a bed and exclaimed, "You people did not think I had the nerve to do it but I did it this time." She was seized by convulsions and a call was made to the hospital from where the ambulance was sent.

It was further learned that Mrs. Plank made a legal purchase of strychnine in Gettysburg during March, at that time stating she was going to use it to kill rats about her property.

At the direction of the coroner, Dr. C. Harold Johnson performed an autopsy at the hospital Thursday and found the body normal.

Dewey Extends Nebraska Tour

En Route With Dewey Through Nebraska, April 9 (AP)—Gov. Thomas E. Dewey of New York decided today to extend his Nebraska Presidential primary campaign in order to tour the western part of the state tomorrow.

He was scheduled to close his two day drive in Omaha tonight but agreed to stay over at the urging of Republican State Chairman A. T. Howard of Scottsbluff.

The decision was reached after Dewey found he could fly tomorrow to North Platte, Alliance and Scottsbluff. Howard sent the New York governor a telegram at Lincoln pointing out that two of Dewey's chief rivals in the Nebraska "popularity" balloting next Tuesday—Harold E. Stassen and Robert A. Taft of Ohio—had campaigned in the Panhandle section.

Orders Parents To Pay Jail Costs Of Confined Sons

Hyattsville, Md., April 9 (AP)—

It will cost Prince Georges county only one dollar a month to support each of five youths sentenced to state institutions here yesterday.

The boys' parents were ordered to pay the rest of the bill — \$20 a month for each boy — by Police Court Judge Arthur P. Owens. He said "the county has been paying too many bills that can be attributed entirely to parental neglect."

The action was unprecedented, said the judge, but is authorized by a law which became effective last July.

Three of the youths, members of the same family, will cost their parents \$60 a month. The five boys, from 13 to 16 years old, were sentenced to imprisonment until they are 21, after they were convicted of a series of thefts.

YOUNG MOTHER SENT TO MUNCY

Chambersburg, Pa., April 9 (AP)—A 16-year old mother, who pleaded guilty to jabbing a safety pin into her baby's skull, was sentenced today to an indefinite term in the State Industrial Home for Women at Muncy.

Judge Edmund C. Wingerl imposed the sentence in Franklin county court on Mrs. Helen Harper, of Milroy, Mifflin county. She pleaded guilty on Feb. 13 to a charge of assault with intent to kill but the judge had deferred sentence until he studied the case.

A statement introduced at the woman's hearing before Justice of the Peace John S. Gillam in February quoted her as saying she pushed a two-inch safety pin into the head of her 10-day old son last January because:

"I just decided that if I could not have the baby no one else could."

In the statement, Mrs. Harper, estranged from her husband, explained that her mother, already caring for two other Harper children, told her she could not bring the third child home.

The pin entered the folds of the child's brain, causing only slight injury, Mrs. Mary Orr, secretary of the Franklin County Children's Aid society, said the babe on recovery was placed in a foster home in Franklin county under the society's supervision. She declined to identify the foster parents.

Give Topics For Foursquare Series

Week-end topics for the series of revival service at the Foursquare Gospel church were announced today by the pastor, the Rev. Harold Myers. The series of services has extended through the last three weeks. The services will be at 7:30 p.m. each day.

Tonight's topic will be "What Is the Price of Receiving the Gifts of the Spirit?" A message on prophecy will be presented Saturday evening on the topic "What Will God Do with the World's Cosmos?" The Sunday sermon subject will be "As it was in the days of Lot, so shall it be in the days of the coming of the son of Man."

Plan Meetings Of Four County Clubs

Four meetings of county home economics clubs during the coming week have been announced by Miss Mary Jane Mickey, extension representative.

The Barlow club will meet Monday at 7:30 o'clock in the evening at the home of Mrs. Earling Shriver with homemade mixes scheduled to be the topic for the session. Furniture arrangements will be the topic at the meeting of the Conewago club Tuesday afternoon at 1:30 o'clock at the home of Mrs. Daniel Stauffer. Tuesday evening at 7:30 o'clock the Littlestown club will discuss chair caning at the home of Mrs. Charles Slusser and on Wednesday evening short cuts in serving will be the topic for the meeting of the Hampton club at 7:30 o'clock at the home of Mrs. Ollie Wheeler.

Weather Forecast

Luther Stambaugh, picked up by borough police here Thursday night as an alleged deserter from the army at Ft. Knox, Ky., and held in the Adams county jail, was later taken to Carlisle barracks by three military police.

Upper Communities

Mrs. Emmitt A. Smith and daughter, Miss Jean Claire Smith, of Richmond, Virginia, are spending this week with Mrs. Smith's son-in-law and daughter, Mr. and Mrs. William Jennewine, Arendtsville.

Mr. and Mrs. Charles Reed, of Santa Fe, New Mexico, who are visiting in the community, spent Thursday in Maytown as guests of Mr. and Mrs. Enos Miller.

Lester Musselman of the Devereux School at Devon, is spending some time with mother, Mrs. C. H. Musselman, of Biglerville.

Mrs. Joseph Stubbs, of Quaker Valley, has returned from a visit with her brother-in-law and sister, Mr. and Mrs. John Beltz of Philadelphia.

Letters to all parents of pupils of the Arendtsville schools have been sent out by the committee in charge of the benefit bingo party which will be held Friday evening, April 16, in the school auditorium, soliciting contributions of food for the party. Final plans for the party were made at a meeting Wednesday evening at the home of Mrs. William Jennewine, chairman of the committee on arrangements. The party is being held for the purpose of raising money for the Parent-Teachers' Association of the school.

Friends have received word of the marriage of the former Mrs. Calvin Hoffman, of Quaker Valley, to Daniel M. Clark, of Binghamton, N. Y., and Honesdale, N. Y., at St. James Episcopal church, Eufaula, Ala., on Easter Sunday evening. After a short wedding trip the couple will be at home at St. Petersburg, Fla.

Mrs. Frederic E. Griest, Jr., was the guest of honor Thursday afternoon when Mrs. F. E. Griest, Sr., and Mrs. Charles Tilton entertained a few friends at tea at Mrs. Griest's home, Florida Dale. Arrangements of spring flowers were used in decorating the house. Mrs. Donald Tyson presided at the tea table.

Steals Radio From Blind Aged Veteran

Los Angeles, April 9 (AP)—Twenty-four hours changed blind John R. Sweeney's opinion of human nature from mighty low to heaven high.

On Wednesday a man pretending he wanted to rent a room at Sweeney's house stole a table radio that was the blind man's constant source of enjoyment. The man was reported in the papers.

Yesterday Edward A. Krause, Santa Monica radio dealer, presented a radio to Sweeney, the 73-year-old Spanish war veteran choked a bit and said: "When some dirty skunk steals something, it's unusual for somebody to replace it."

Then he thought of his wife: "She's out to the store, trying to buy another radio for me; she can't afford it, don't let her do it." A neighbor found her just in time.

Given Long Term For Killing Divorcee

Norristown, Pa., April 9 (AP)—Gerard C. Wentzel, 37-year-old Pottstown diemaker, today was given a maximum sentence of 10 to 20 years in prison for the strangle-slaying of a 28-year-old Pottstown divorcee. Judge George C. Corson pronounced sentence shortly after court convened at 10 a. m.

Wentzel was convicted of second degree murder more than a year ago in the death of Mrs. Miriam Green, whose body was found in her Pottstown apartment December 9, 1946.

Saturday Last Day For Photo Entries

Saturday afternoon at 2:30 o'clock is the deadline for entries in the third annual Adams County Photographic exhibit, officials of the Gettysburg Photographic society, the sponsoring organization, today reminded those planning to enter pictures in the show. Entries should be taken to the Gettysburg National bank.

Entries to date are fewer than had been expected, society heads said. The pictures must be at the Gettysburg National bank prior to the deadline.

Black and white prints must not be smaller than five by seven inches. Color prints will be accepted in any size and will be judged separately. Any number of prints may be entered by any one contestant.

The show will be held from April 23 to May 2 in the Gettysburg National bank lobby.

CUT TIRE PRICES

Conschocken, Pa., April 9 (AP)—A cut of 15 per cent in its popular line of automobile tires was announced today by the Lee Rubber and Tire company. President A. A. Garthwaite described the price reduction as a stop inflation policy and the first of its kind in the automotive tire industry. The move combines price reduction with maintenance of quality, he added.

Nellie Custis, whose grandmother, a widow, married George Washington, revived the custom of wearing a bridal veil when she was married to Carlisle barracks by three military police.

CHINA IS TOPIC

(Continued from Page 1)

accepted the surrender of 55,000 Japanese troops.

Speaking of the Marines under him in China, General Rockey said they "wanted to get home while they were still heroes."

He praised the Generalissimo as "a man practically without vice. He was a very agreeable host, easy to talk to and courteous." General Rockey was guest of Generalissimo and Madame Chiang Kai-shek for a week's visit at Peiping.

General Rockey remarked that Russia got into the war just before it was over and captured 750,000 Japanese soldiers who have "disappeared." The Russians had a system in which they removed all machinery from the territory they overran in those few days. The Russians would let their soldiers loot the land with the sky the limit, he said. He remarked that the Russians came within five miles of his forces at one point, but never any closer.

Didn't Like Chinese Reds
Speaking of the Chinese Communists, General Rockey remarked that "the more I saw of them the less I liked them. Communism seems to thrive on chaos and disorganization."

Telling of the terrific inflation in China, General Rockey remarked that "when I left there the rate of exchange was 2,000 to one and now it is about 200,000 to one."

Peace Improbable
General Rockey concluded by stating that in his opinion a peaceful settlement in China is very improbable, and that it is possible the Communists will be able to take all the land to the Yangtze river in a few years.

General Rockey answered several questions at the conclusion of his talk that members of the audience asked. To the question, "To what extent does Madame Kai-shek have control over the Generalissimo?" General Rockey answered that "the Madame is very bright and has considerable influence." He added that some believe she has too much influence. To another question, he answered that the U. S. has practically no military force in China now.

General Rockey, a graduate of Gettysburg college, commanded the First Marine division stationed at Tsientien. He is a member of the local Sigma Chi chapter and is well known in this section. Since returning from China, he has made several visits to Gettysburg.

He has received the Distinguished Service Cross and was cited in the General Orders of the Second Division, AEF. He is entitled to wear the French Fourragere. In Nicaragua in 1928, he again was cited, this time receiving a Gold Star in lieu of a second Navy Cross, for outstanding services with the Second Marine Brigade.

FACES HEARING TONIGHT

A hearing is scheduled tonight before Justice of the Peace L. G. Kuhn, Midway, in the case of Fred Stevens, Hanover, charged by his wife with surety of the peace. He was arrested by Jesse Crabbs, Hanover detective, and brought to jail here this morning.

Not For Sale

Harrisburg, April 9 (AP)—The \$70,000 Pennsylvania turnpike isn't for sale.

"They might as well try to buy the state capitol," commented a spokesman of the Pennsylvania Turnpike commission today on reports that a group of six major trucking concerns want to buy the 160-mile, four-lane superhighway connecting Pittsburgh and Harrisburg.

"It is just too absurd even to talk about," he added.

Cesare Borgia's poison ring is believed to have been composed of two lion heads. He turned the heads inward to press the hand of his victim and the poisoned teeth of the lion sank into the hand he shook.

PLAN BANQUET
The annual spring banquet of the Adams County Branch of the Pennsylvania State Education association, will be held in the Fairfield Community hall, April 15, at 7 p. m., Arthur Gordon, president, announced today.

A turkey dinner will be served after which a social period will be held. Cards have been sent to teachers notifying them of the session and reservations are to be made with Miss Gladys Walter, Gettysburg R. 2.

TEST BROADCAST
Gettysburg college's radio station, WWGC, will transmit a special test program from 7 until 12 midnight tonight, Don Becker, public relations director, has announced. The station is located at 580 kilocycles and listeners are requested to call 735 to report on reception.

In recent years the rice production in the United States has nearly doubled.

MUHLENBERG 9 MEETS BULLETS HERE SATURDAY

Muhlenberg college's baseball team, which is carrying on the traditions of the college's powerful football and basketball teams, will be the first home opponent for the Gettysburg college nine Saturday afternoon at 2:30 o'clock.

The Mules displayed their prowess effectively this week in drubbing Princeton and Lehigh by identical scores of 7-2.

With the lineup studded by a goodly supply of veterans, the Mules have one of the most powerful teams in history and will be a severe test for the Bullets.

Coach Ira Plank was pleased with the performance of his outfit Wednesday when they trounced Johns Hopkins, 11-1. The Bullets hit the ball sharply and sparked in defensive play.

Selects Starter
Bill Cadzow, the giant right-hander who transferred here from Lafayette college, has been nominated by Coach Plank to start against the visitors. Lefty Bill Buehler may also see action against the Cardinal and Gray team.

The remainder of the Bullet lineup will be intact with Bud Ecker catching; Altherholt, Joe Cervino, Stroup and Kauffman rounding out the infield, and Tony Cervino, Huntzinger and Tome patrolling the outer gardens.

The college tennis team is also slated to meet the Muhlenberg courtmen Saturday afternoon.

IMPRESSED BY A'S NEW SPIRIT

Chicago, April 9 (P)—If Connie Mack's Philadelphia Athletics step on a few American league toes this season, don't say Earl J. Hilligan didn't send out a warning.

Mr. Hilligan is the league's effervescent publicity director, who generally thinks all eight American loop clubs are peachy.

But Earl returned from his annual Florida training camp tour filled with exceptional brotherly love for the City of Brotherly Love team.

Diplomatically, Hilligan said the New York Yankees and Boston Red Sox look loaded and that pennant talk should not exclude the Detroit Tigers and Cleveland Indians.

"But the team that really impressed me," continued Hilligan, "was Connie Mack's club. The Athletics are hustling more than I have ever seen them, and they have something to go with it."

"The outfield is good and so is the pitching, especially with Lou Brissie apparently set to become a regular starter. The big question mark is whether Ferris Fain will be in shape to go at first. If he isn't Rudy York provides pretty good insurance."

"Skeeter Webb, joining the Athletics from the Tigers, told me he was amazed at the new Philadelphia spirit. 'They're pepped up and primed,' said Skeeter."

Augusta, Ga., April 9 (P)—Fifty-six other pros and amateurs contemplated the 69 shot by Lloyd Mangrum in the opening round of the 12th annual master's golf tournament yesterday with some apprehension as they teed off for the second 18 holes of the 72-hole event today.

Mangrum, whose three-under-par score led the field by one stroke, came here as the leading money winner of the winter tour. A year ago Jimmy Demaret came here as the leading money winner, took the lead on the first round, and held it until the finish.

Carlisle HS Coach Gets Lancaster Job

Lancaster, Pa., April 9 (P)—Clarence B. Hendrickson, Carlisle high school football and basketball coach since 1941, last night was named head grid mentor at McCaskey high school.

Hendrickson succeeds S. Woodrow Sponaugle, who resigned earlier this year to become coach at Franklin and Marshall college.

The Lancaster school board, in announcing the appointment of Hendrickson, did not state who would be named as his assistant. Both the head coach and assistant coaching jobs were left vacant when Boyd Sponaugle followed his brother to F. & M.

LEAGUE CHAMPS GIVEN BANQUET

A banquet in honor of the Coney VFW basketball team, champion of the Adams County Independent league, was held Thursday evening at the Battlefield hotel.

William Sanders, New Oxford, president of the league, presided as toastmaster. He announced the trophy, donated by the league, would be put on display in business places at Arendtsville.

It was decided to retain the funds in the treasury pending reorganization of the league next season.

Members of the championship team present included Ernest Rebert, Richard "Dodie" Allison, Glenn Slaybaugh, Richard Allison, Jim Spence, Richard Slaybaugh, Robert Allison, Elliot Schlosser, John Miller, John Stover and John Allison.

Other guests included the following managers: Paul Anzengruber, Lentz legion; Jack Taylor, Stanton Legion, and Lewis Myers, Stanton Legion. Special guests included Paul Whitmore, recreation director, and Don Bream, of the Gettysburg Times.

Training Camp Briefs

Ashville, N. C., April 9 (P)—The Brooklyn Dodgers had a chance to rest up today and they needed it—at least the squad which has been touring the southwest.

The "A" squad got into town about 5 a. m. yesterday after an all-night bus ride through the Smoky mountains in a driving rain. The club left Tulsa, Okla., by plane but was forced to land at Knoxville, Tenn., and continue the trip by bus.

Montgomery, Ala., April 9 (P)—The New York Yankees moved into town today to meet the Montgomery Rebels of the Class B southeastern league.

Frank Shea, who has been on a rigid reducing diet, pitched six innings against Augusta yesterday and gave up three hits while walking five.

Clearwater, Fla., April 9 (P)—First Baseman Ferris Fain apparently is going to be able to go full speed for the Philadelphia Athletics despite his recent knee operation.

Fain played his first full game yesterday since undergoing the knife and showed no effects of the operation. The A's lost to their city rivals, the Phillies, 4-3.

SUTHERLAND IS "MUCH BETTER"

Cairo, Ill., April 9 (P)—John B. (Jock) Sutherland, 59, veteran coach of the Pittsburgh football Steelers, remained in a Cairo hospital today for further examination after being found Wednesday in a dazed condition near Bandana, Ky.

Dr. H. F. Russell, Wickliffe, Ky., saw Sutherland last night and reported he was "much better." However, John D. Holahan, general manager of the National Football league Steelers, said physicians would examine Sutherland again today before deciding whether his condition will permit his return to Pittsburgh.

Dr. Russell said in his opinion Sutherland has been suffering "from a nervous breakdown brought on by overwork." He said Sutherland "had better rest in the hospital two or three more days before trying the long trip back to Pittsburgh by automobile."

Sutherland, for many years grid coach at the University of Pittsburgh, was found in a dazed condition near Bandana Wednesday. Hotel vouchers found on the veteran coach indicated his last stop had been New Orleans. He had been on a scouting trip in the south.

Dr. Russell at first believed Sutherland might have been suffering from amnesia, but later he said he had about discarded that theory.

Meet Opens Monday At Havre de Grace

Havre de Grace, Md., April 9—Everything is in readiness at Havre de Grace race course for the opening of the 34th season of thoroughbred competition, beginning Monday, April 12. Post time is 2:15 p. m.

This track, which has seen champions of every division in action year after year since it was founded

in 1912, once again appears destined to present to its patrons many of the top starts during its 14-day spring session which ends May 1 and probably as many more of the turf leaders will be back for the July session of 11 days which runs from July 6 through 17.

Four stakes are to be offered during the spring meeting and the presence of Calumet Farm's Citation for the opening day fixture, the Chesapeake Trial and the richer Chesapeake which is to be run Saturday, April 17, centers attention locally.

FIFTEEN YEARS AGO
Survivors of Akron Teller Story of
Disaster: Washington, April 8 (AP) —
How huge girders buckled and
cracked, broken wires lashed the
air and the crew worked swiftly to
keep the giant airship Akron from
dropping into the sea with seventy-
six men aboard was told to the
House Naval committee Friday by
the only three men who survived the
tragedy.

With the testimony of these
three men — Lieutenant Com-
mander Herbert V. Wiley, execu-
tive officer; Richard E. Deal,
boatswain's mate, and Moody E.
Erwin, metallurgist — the naval
committee began its investigation.
Even as they wrangled and the
three men told their stories cere-
monies were being held in Arling-
ton cemetery for three of the vic-
tims of the mishap.

Couple Weds on Saturday: Miss
S. Pauline Little, daughter of Mr.
and Mrs. Harry D. Little, and Ray
J. Kitzmiller, son of County Treas-
urer and Mrs. Blaine Kitzmiller,
were united in marriage at the
Trinity Reformed church by the
Rev. H. S. Fox Saturday afternoon
at 4 o'clock in the presence of the
families and a few friends.

Following the ceremony a dinner
was served at the home of the bride
after which the newlyweds left on a
week's trip.

**Name Group to Pass on Farm
Loans:** A committee of six to handle
farm loans in Adams county was
announced at the office of M. T.
Hartman, farm agent, where appli-
cation blanks may be secured by
farmers desiring federal funds for
the financing of their crops this
season.

The committee is composed of
Harry E. Brown, chairman, A. B. C.
Williams, Howard Reigle, G. W.
Koser, E. L. Golden and Philip R.
Bikle.

Loans will be made for \$25 to \$300
and only to those farmers who have
no other means of securing credit
in financing their farming opera-
tions.

Dr. Donley Opens His Office Here:
Dr. J. C. Donley, a graduate of the
Pennsylvania State College of Op-
tometry, has located in Gettysburg
and opened offices with complete
and modern equipment on the sec-
ond floor of the John W. Brehm
building at 51 Chambersburg street.

**Gettysburg Is Quiet as New Beer
Becomes Legal:** Gettysburgians ob-
served the inauguration of the new
32 per cent beer on Friday with
quiet dignity.

Only three places were reported
at noon as having the new brew
available to those who indulge.

The Hotel Gettysburg was the
first to have beer for sale. It is
being served in the dining room
with meals, in bottles only, and also
in guest rooms.

A local restaurant and a hot dog
stand are reported to be selling the
beverage also.

Few local businessmen secured
their federal \$5 permits to dispense
the beverage until June 30.

Couple to Wed on Saturday: A
marriage license was issued by
Clayton F. Palmer, clerk of the
courts, Saturday morning to Miss
Marie Wintrobe, Littlestown, and
Roland E. Donnelly, also of Little-
town.

The couple expect to be married
on Saturday in the Littlestown Re-
formed church by the Rev. A. O.
Bartholomew.

George W. Kadel Married: Miss
Virginia N. Joss, daughter of Mr.
and Mrs. Edward P. Ross, of
Ridleysburg, and George W. Kadel,
son of Mr. and Mrs. J. H. Kadel,
West Middle street, were married
Saturday afternoon at 2:30
o'clock at the home of Mr. and Mrs.
Samuel Jeness, of Sykesville, Mary-
land, by the Rev. O. G. Robinson,
pastor of the Westminster Method-
ist Episcopal church.

Today's Talk

By GEORGE MATTHEW ADAMS

THE WASTE OF TIME
I never think of war without
thinking of the useless waste—in
men, and in precious materials that
have been placed in the earth for
the enjoyment and progress of man.
In like manner I think of the waste
in words that, through language, are
tossed in anger or idle gossip, when
they could be formed into expression
to cheer, to comfort, and to inspire.

Human expression is a wonderful
gift. Many a single poem, or book,
has given to its author world-wide
fame. Not only are words wasted
that are expressed in anger, or
through careless talk, but in addi-
tion they do damage as well—leaving
scars behind, or untrue statements
that grow in evil intent, spreading
like a fire that starts so innocently.

I recall reading a statement about
Marshall Field, the founder of that
great Chicago store, that "he was
a man of few words." He believed
in no waste, either of words or
money. That is what gave him his
fame and wealth.

Words, aptly expressed, have given to
us, not only our great literature,
but all the knowledge that we have
gained from books are a composition
of them. Even in many published
books there is a wanton waste of
words, but these books die early.
Brief books say most in little. To my
notion that little book by Harry
Brown "A Walk in the Sun," is one
of the finest books written on the
late war. Simply written—no waste
of words—and beautiful in expres-
sion. Such books live.

What a waste of words keep piling
up in complicated laws that the
many never know about. It would be
better for legislators to spend more
time in abolishing dead laws, or re-
vising them, than to create new ones
that we don't need, or that are super-
fluous.

Over and over again I read the
messages of Abraham Lincoln to
Congress. No waste of words, and
all seem to have been written from
the heart. His Gettysburg speech is
immortal, but the two-hour speech
of Edward Everett has long been for-
gotten. Words are great instruments
—and may become immortal. Don't
waste them!

Tomorrow Mr. Adams will talk on
the subject: "Life Beginnings"

Just Folks

By EDGAR A. GUEST
The Poet of the People

J O E ' S

I've taken my meals where I've had
to.

With humble and great I have
dined:

Had pompano, king fish and shad,
too,

And soups of the costliest kind.

I've chosen dessert from the sweet
things

A French chef to customers shows,
But when I'm with Bill, I must eat
things

On a stool at the counter at Joe's.

I've pondered a full page of courses
And taken the best of the list.

I've tasted the richest of sauces.
There's nothing of food I have
missed.

But always, when time comes for
luncheon,

I'm certain that Bill will propose
That we go to the corner and munch
on

A ham and egg sandwich at Joe's.

Thick-lipped are the cups that he
uses.

His dishes are simple and few,
The poorest or wealthiest chooses
From hamburger, chili or stew.

The plate is put down by a hand
which

A tip of a quarter will close.

Yet here's to that ham and egg
sandwich,

That stool and that counter at
Joe's!

There, Joe and Miss Lucy attend us
With care that's heart-warming to
find.

We know they'd be quick to be-
friend us.

They're gentle and gracious and
kind.

Oh, none is too proud to be seen
there.

It's a spot to which everyone
goes;

And happy am I to have been there
And shared in the welcome at
Joe's.

of Manila.

SECOND GROTON FIRE
Groton, Conn., April 9 (AP)—A
spectacular early morning fire, the
second within two months, struck
the Navy's submarine base here to-
day. The blaze, discovered about 1
a. m. (EST) and brought under
control within two hours, damaged
a three-story building used as a
temporary base headquarters since
a fire February 11 destroyed the
former administration building.

**Faints After Finding
Lost Wallet And \$700**
West Frankfort, Ill., April 9 (AP)—
When Janitor Les Burke got to work
at a movie theater early yesterday
morning an unidentified man was
waiting for him.

"I think I lost my billfold in the
movie last night," the man told
Burke. "There was \$700 in it."

Burke took the man to where he
had sat the previous night. The janitor
picked up a bulky wallet and
handed it to the man.

He promptly fainted. After Burke
had doused the man's face with
water reviving him, he staggered
out of the theater, mumbling: "I
must have fainted—it's too good to
be true."

What is believed to be the world's
largest rose bush is located at
Tombstone, Ariz. A white Banksia
about fifty years old, it has grown

COURT RULES PAIR NEVER TO SEE SON AGAIN

Los Angeles, April 9 (AP)—The Kunins, Shirleen and Lawrence—stripped of parenthood by two drastic blows—prepared to fight back today.

They indicated through their attorney that they will attempt to regain custody of one-month-old Steven Dale as soon as Mrs. Kunin gets out of prison to which she was sentenced for the death of her first born, two-year-old Denise.

Blow two which stunned the young parents came yesterday. Superior Judge A. A. Scott ruled both unfit to have further custody and forbade their forever to see their son.

Mother Jailed for Year

Blow one was the manslaughter conviction of Mrs. Kunin, 25, and sentence of one to 10 years in prison in the hairbrush spanking death of Denise.

Judge Scott's strongly-worded action brought a quick retort from Richard Maddox, Mrs. Kunin's counsel.

"Legally, I construe this as a temporary decree," declared Maddox. He indicated the Kunins could—and would—press for custody as soon as Mrs. Kunin finishes her term at the women's institution at Tehachapi, at least one year hence.

Ordered to Foster Home

Meanwhile, the court ordered baby Steven placed in a foster home, his identity legally blanked out. The Kunins won't know to whose home their baby will go, nor will the foster parents know the baby is Shirleen's.

Both parents begged for the boy and cried when Judge Scott said: "You shall never see this baby again."

He added: "I take this action because I am afraid if you were allowed to keep Steven, he would grow up under treatment worse than that given a cur dog."

Littlestown LHS STUDENTS AT MUSIC FETE

Two Bandits Hold Up Taproom; Get \$2,500

Philadelphia, April 9 (AP)—Two bandits held up a taproom last night, locked 20 persons in the basement and fled with \$2,500.

Wearing handkerchiefs for masks, the two men, armed with pistols, entered the Dublin cafe and ordered 17 patrons and three employees to walk to the rear of the cafe and into the basement.

William Uhr, 40, a part owner of the cafe, told police the armed gunmen took \$2,000 from his wallet and the remainder from two cash registers.

NOVEL GUARDED BY INJUNCTION

Philadelphia, April 9 (AP)—Philadelphia police were barred today by a temporary injunction from interfering with the sales of the novel "Raintree County."

The novel, together with numerous others has been seized by vice squad detectives in a series of recent raids on Philadelphia book shops.

U. S. District Judge Guy K. Bard, in issuing an injunction yesterday, made it evident that the restraining order applies only to "Raintree County" by the late Ross Lockridge, Jr.

R. Sturgis Ingersoll, counsel for Houghton Mifflin Co., Boston publishers, asked for an order against Director of Public Safety James H. Malone, superintendent of Police Howard P. Cutton and Inspector Craig Ellis, head of the vice squad, on the ground that police, under Ellis' direction, visited many bookstores here asking whether they had the novel in stock.

Judge Bard said "I don't see that the city or Mr. Ellis is harmed by this order. If the court should determine they are right, then Mr. Ellis will be looked up to. If they are wrong, the act should be stopped immediately as there might be irreparable damage suffered by the booksellers."

Three suits already have been filed against the city officials involved. The most recent action was a \$100,000 damage suit and injunction proceedings in U. S. District Court on behalf of James T. Farrell, author, and the Vanguard Press, publishers of the "Studs Lonigan" series.

Hesitant Housewife Invites Horse In

Baltimore, April 9 (AP)—Mrs. Elsie Young was a little hesitant to invite her unexpected caller in, since he was a horse.

The animal had walked down a flight of stairs, dragging his wagon behind him, to the door of her basement apartment.

She went into a quick huddle with the horse's owner, Robert Cloude, and two policemen. They decided to do the courteous thing and invite the horse in.

She opened both the front and rear doors and the animal was unhitched. With the air of one who had been there before, he walked through the house and out into the back yard.

HAUNTED HOLIDAY

By Cameron Dockery

AP Newsfeatures

Chapter 10
Vince strolled into the deserted living room and caught himself wishing the other rooms at Kalani were equally empty. A search might disclose some items of interest. But that was to be left for the enterprising Mr. Johanson.

Aimless disconnected thoughts crept into the naval officer's mind—

Who was this Hugh person that Julia and Bissett had been discussing? Had the face at the window last night really been that of a servant? Where had Dr. Palmer gone at two in the morning and what had Mannley and Dukane been arguing about when they supposed everyone else in bed? Questions . . . questions, all unanswered. Perhaps there was some simple explanation for all.

Idly his fingers snapped on the radio. A news broadcast was just coming on and it soon got around to Simeon Mannley. Vince listened to the usual facts that he already knew then held his breath, frowning as the announcer's crisp impersonal voice went on—

"Long a colorful and powerful figure in the development of the sugar cane industry, Simeon Mannley was a self-made man. His father was the son of the Earl of Witcham but was disowned following a notorious scandal of the seventies. With Mary Grover of an equally prominent London family he eloped to the Islands where he became a shipping clerk. Not long after the birth of their third son in 1899 the couple met a tragic death when on a holiday in Hawaii they ventured too close to Kilauea's crater and a large section of rock collapsed plunging them to their deaths. Simeon Mannley began his career . . ."

A small repressed sound made Vince turn; he snapped off the radio. "Terribly sorry, Julia—I didn't know you were there."

"It's all right. I suppose I'll have to get used to it." For a moment her eyes were far away, her head tilted as though she were trying to catch some remote sound, then her glance returned to him. "Vince, I can't stand this gloomy house another minute! How about going for a swim?"

"Sounds wonderful. Meet you here in five minutes."

Vince and Julia passed the Donovans sitting on the terrace with their backs against the house as though expecting an attack from the rear; they declined Julia's invitation to join in a swim.

Like all northwest inland beaches Kalani's was rocky but Simeon Mannley had had an area filled in with pure white sand below the summer house and barbecue pit. Further on a pier extended out to a boat house and float. At the south end of the beach a rocky promontory protruded from the bluff into the canal. It made a protection for the cove, catching and holding the sun.

Vince stared at the natural tunnel

going through it. "What a queer formation!"

Julia nodded. "Yes, we call it The Devil's Walk because it ends in very deep water that has jagged pinnacles just beneath the surface. It's a dangerous place—the path is always caving in."

Julia swam almost as well as Vince. Her body in her flame-colored suit flashed through the water like some tropical fish. When they'd had enough they lay on the float smoking and watching the sun-dappled water.

"I wish we could stay here forever," she said with feeling.

"You wouldn't be an escapist?" Vince ran a towel over his hair.

She eyed him frankly. "You're wondering how I can be so unemotional over this, aren't you? There's no use pretending I'm sorry because I'm not."

He tried to conceal his surprise. "Well you know the old saying. 'Fate gives us our relatives. Thank God we can choose our friends.'"

"That's the way it was with us. Uncle Sim and Aunt Sophie never did approve of my father's marriage. My mother came of old Cape Cod stock, good family but they weren't in Burkes' peerage."

She stared off toward a long logging raft that was making slow progress under tow. Her eyes were suddenly as hard as the tame-washed stones coveying the beach. "Dad was devoted to Mother and knowing the way Uncle Sim and Aunt Sophie felt he kept his relations with them on a strictly business basis. But he must have made Uncle Sim my guardian when they were on better terms and just never changed his will. When he died I went to them."

"Uncle Sim took advantage of his guardianship," she continued. "When Dad died I wanted to join some branch of the service. As my legal guardian he wouldn't give his consent. I threatened to run away and he said that would be too bad because he had control of my money and I'd never see a cent of it if I disobeyed him. I told him I'd sue him for it and he just laughed and said when lawyers got through with it I wouldn't have any inheritance left."

"Do you think he'd really have

Retired Salvation Army Head Dies

Sydney, Australia, April 9 (AP)—George Lyndon Carpenter, 75, retired Salvation Army general, died today after an operation.

Gen. Carpenter succeeded Gen. Evangeline Booth as head of the Salvation Army in 1939 and served until 1946.

A native of New South Wales and a carpenter, he joined the Salvation Army in Melbourne as a cadet in 1892. His wife, also a salvationist, was at his deathbed.

"I don't know, I didn't feel I had the right to take a chance. Dad had worked hard for his money and I knew he did it to protect my future."

She shook out the damp ends of her hair and frowned at Vince. "I don't know why I'm telling you all this."

"You've been bottled up too long. It'll do you good, go ahead."

Better to spillover now, he thought, than speak too freely when Johanson comes. He wanted to warn her but realized it wouldn't be fair to the investigator. After all the man was coming to solve a murder.

"That's all there is, Vince." She rolled over on her back and shielded her eyes. "I'll bet you wish you'd never heard of Kalani."

"Then I'd never have heard of Julia Mannley."

"That's hardly just compensation for getting mixed-up in a murder."

"How about letting me be the judge of that?"

Something seemed to grow between them—a pleasant something that left them staring at each other in amazed silence then the float began to toss from the wake of a passing motorboat. As they sat up to watch, it made a sharp turn and bore down on them. Vince's warning shout came too late.

Delaware Girl Is D. C. Blossom Queen

Washington, April 9 (AP)—Shy, 16-year-old Doris Sheldon is queen of Washington's annual cherry blossom festival.

The Wilmington, Del., high school sophomore was chosen from a field of 48 beauties representing most of the states, Puerto Rico, Hawaii and Alaska.

Doris, five feet, six inches tall and weighing 120 pounds, will preside over the festival at Hains Point tomorrow. Her court will include the 47 "princesses" who were in last night's contest.

The 1947 U. S. crop of rice came to nearly 80 million bushels.

MAY CREATE NEW GERMAN REICH IN WEST

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

The idea of creating a new German Reich out of the three western zones of Allied occupation gathers momentum as it becomes increasingly clear that Russia has sealed off and assumed permanent control of eastern Germany.

Further striking indication of this trend comes from a speech delivered before the German state Legislature in the British zone by General Sir Bryan Robertson, the military governor. Speaking with the personal approval of British Foreign Secretary Bevin, we are authoritatively informed, Sir Brian said:

"Come forward determined to make the best of that larger part of your country which is on the right side of the iron curtain. Make up your minds to stand against these gentlemen who, with democracy on their lips and truncheons behind their backs, would flinch your German freedom from you."

Merger of Zones

While Sir Brian was making this significant declaration, Maurice Couve de Murville, distinguished French negotiator for German affairs, arrived in Berlin to be the guest of General Lucius Clay, commander of the American zone. Wes Gallagher, AP chief of bureau in Berlin, tells us that De Murville's trip is interpreted in authoritative quarters as a move to remove the difficulties in the way of a merger of the French with the British and American zones. The latter two already have established politico-economic cooperation.

If the western Allies decide to combine their three zones, the new Reich will have a population of about 43,600,000 as against some 20,732,000 in the Russian zone. And because of the split, there will have to be a sweeping and arduous readjustment of the economy of both sections.

The Soviet zone contains Germany's best farmlands, and in pre-war days the rest of the country drew on it heavily for foodstuffs. Western Germany also imported huge quantities of food from eastern Europe and the Balkans—a source from which the west may long be cut off.

Terrific Devastation

On the other hand, the three

Soldier Survives Plunge Into River

Northumberland, Pa., April 9 (AP)—Woodrow Carr, 26-year-old army sergeant, has only a few scratches today to show for this series of events:

Carr's automobile swerved off a bridge near his home at Northumberland yesterday and plunged 100 feet into the icy waters of the Susquehanna river.

Carr found the water pressure had sealed the car's doors.

He finally managed to push one door open wide enough to wriggle out and swim 50 feet to shore.

DELAY BRIDGE PLANS

Wilmington, Del., April 9 (AP)—Shortage of steel has resulted in plans for the \$40,000,000 bridge across the Delaware river being postponed indefinitely. Frank V. DuPont, chairman of Delaware's highway commission, made the announcement yesterday after Dravo Corp. of Pittsburgh cancelled a \$12,896,375 contract to construct foundations, anchorages, and two main towers.

CHURCH CONFAB

Chambersburg, Pa., April 9 (AP)—More than 350 delegates have registered for the men's congress of the Pennsylvania conference, Evangelical United Brethren church, opening here tomorrow. Dr. Harry Denham, secretary of the Bureau of Evangelism, Methodist church, will speak at the opening session.

western zones contain the bulk of Germany's iron ore and coal, a circumstance which has made them a great steel producing area. The Ruhr is (or was, before the war) one of the world's important industrial centers.

Obviously it will take long to rehabilitate a new Reich and create a fresh economic structure. The war devastation in many parts of western Germany is terrific, especially in that all-important industrial Ruhr.

Still, western Germany can be rebuilt into a new state. We can go further and say it must be rebuilt, for it is needed as a keystone for the western European economic structure. We shouldn't overlook that before the war the economy of many European countries was inextricably interlocked with that of the Reich—Holland, for instance, and other neighboring nations.

Thus we see that the rehabilitation of Germany is essential to the recovery of all western Europe. And in that sense it automatically must become an integral part of the Marshall program.

U.S. CONTROLS ARE OPPOSED BY HOFFMAN

Washington, April 9 (AP)—Foreign aid chief Paul G. Hoffman predicted today that voluntary controls will do a "better job" than federal regulation of American industry in meeting the recovery needs of Europe.

Hoffman, president of the Studebaker corporation, was due to be sworn in as economic cooperation administrator today. Chief Justice Vinson arranged to administer the oath in President Truman's office with the cabinet, whose ranks Hoffman joins on an equal footing, looking on.

The Republican businessman forecast that European production can be boosted one-third in the four years of the Marshall plan, with the help of the billions voted by a Communism-conscious Congress.

As to whether this country needs industrial priority and rationing power to assure that the needed fuel, food and supplies get overseas, Hoffman told a reporter:

"I personally believe we will get better results by voluntary controls. I have the impression that the present voluntary program is working fairly well. I certainly hope that industry will be smart enough to do this job without bringing on a lot of regimentation."

Truckers Seek To Buy Turnpike

Braddock, Pa., April 9 (AP)—A group of six major trucking concerns wants to buy the Pennsylvania turnpike—a 160-mile-long, four-lane "dream superhighway."

Morgan B. Shipley of Uniontown, Pa., president of Atlantic Freight Lines, said the group met here yesterday and laid plans to ask the commonwealth for a price on the toll-road.

Should the truckers be able to buy it, Shipley said, it would be used for truck traffic only, with private cars excluded.

The purchase plan, Shipley stated, was an outgrowth of a truckers' "sit-down strike" earlier in the week. Nearly a thousand drivers parked their trucks on the highway for several hours in protest against vehicle load limits fixed by the state.

Shipley did not identify the other five trucking concerns.

JEWS CAPTURE TOWN IN DAWN ATTACK TODAY

By ERIC GOTTGETREU

Jerusalem, April 9 (AP)—Haganah fighters re-occupied the strategic village of Kastel at dawn today, a Jewish agency spokesman announced.

Earlier an official source said some 300 Jews attacked the Arab village of Dir Yasin four miles southeast of Kastel, but separated from it by a deep valley.

Jewish informants said the Dir Yasin operation was carried out by a detachment of Irqun Zvai Leumi (Jewish extremists).

At the coastal plain end of the Tel Aviv-Jerusalem highway, Haganah forces attacked the former army camp of Wadi Sarrar where 500 Iraqi troops are concentrated.

FOUR KILLED IN EXPLOSION

Louisville, Ill., April 9 (AP)—Clay county sheriff said at least four persons were killed in an explosion today in a restaurant-filling station here.

The sheriff, J. E. Johnson said that three other persons were badly burned and that "some others" may have been trapped by the explosion.

The sheriff identified the three injured men, as Lon Barnes, a bookkeeper for the establishment; Darrell Zink, brother of the station owner, and George Tolliver, an attorney.

bloody thrust yesterday after being held for six days by Haganah forces.

The Jewish militia fought bitterly to hold Kastel after seizing the Arab village Saturday in a drive to open Jerusalem's supply route to Tel Aviv.

Arab officials said Abdul Khader Hussein, a cousin of the Mufti, was killed while leading yesterday's Arab attack. Hussein will be buried in the Mosque of Omar compounds today, dressed as he fell in the fight—in his uniform and with his revolver. Arab shops and restaurants in the area were closed today.

Dr. Hussein El Khaili, general secretary of the Arab executive said last night he had cab'd Arab capitals of Hussein's death and asked a day of mourning.

tendant, Zink was taken to an Olney hospital, 30 miles east. The other two were taken first to doctors' offices here.

The establishment is known as a bus stop and "truckers' stop." The sheriff said he directed the removal of four bodies from the debris. He said that one of the victims probably was Mrs. Pauline Krutinger, who opened up the restaurant in the morning.

Louisville is about 60 miles north-east of Centralia, Ill. The sheriff said he believed a tank

IT'S SPRING "And A Young Man's Fancy"

Listen, Bud, it's spring, and time to change tactics a little, or the girl friend is going to choose different company.

Gone are the times when you could spend a quiet evening at her home just holding hands, the lights turned low, the radio playing softly. Her old man doesn't go to bed so early now.

Right now she's not interested in gin rummy. She's full of pep and wants to get out. She'd like to take a walk, hike about with friends, play you a game of tennis, anything to get out of the house.

But if you're a cheap skate and don't treat her once in a while, she's likely to not be home when you call. That old stall about saving your money for a rainy day won't go, because she wants to be out in the rain.

No need to ask her if she'd like to come here for a bite to eat. Of course she does. And secretly, Bud, she'd like you to loosen up a bit, rub shoulders and have fun with the rest of the young people. That's the way she wants you.

Cows met a less active market than steers, with several buyers seeking higher trading in the up-country steady to 50c, higher, but a few with Monday's trade. Bulls and cows and feeder cattle showed little net change, but the top on beef bulls was 50c, higher. A small lot of choice 1,000-pound steers topped at \$29.50, but most of the average to high-grade steers, \$27.75-29.25. High-medium and low-grade, \$25.00-27.50. A few low to average-medium, \$24.10.

Hardly enough heifers included in the arrivals to permit an accurate comparison of prices. Scattered lots of low-medium to low-grade, \$18.50-25. Good cows in relatively light supply, but most of such of choice, \$18-22, and canners and cutters, \$14.50-17.50 in most instances. A few shaly canners to \$11 and below.

Old head-weight beef bulls, \$24.50-25.50, and comparable sausage bulls largely \$24.50-25.50. A few high in the grade, \$27.75. Most of the common and medium sausage bulls, \$18.50-21.50. Demand only moderate in the stocker and feeder steer supply, but most of the 100-250 pounds, mostly choice to 50c, higher, but a few of mostly choice fleshy 800-pound feeder steers, \$28, and a load of mainly good grades, \$24.50-25.50.

CALVES—Trading moderately active and prices held generally steady for all grades. Good and choice grades in relatively light supply, but most of the 100-250 pounds, \$23-25. The top, \$28. Common and medium grades of all weights, \$12-22, and

CHIANG ADMITS 7 DIVISIONS ARE DESTROYED

By HAROLD K. MILKS

Nanking, April 9 (AP)—Chiang Kai-shek said today seven of his best divisions were destroyed in Manchuria but declared defiantly the Communists cannot conquer China.

In one of the frankest public speeches of his long career as China's leader, the Generalissimo told the national assembly:

"I confess seven of the government's best divisions were destroyed in Manchuria. They were my best armies that under by command accomplished the revolutionary campaigns with glory."

Being Reorganized

These divisions are being reorganized, Chiang said, adding: "I refuse to admit defeat because our fighting strength is still powerful."

(Chiang evidently meant the divisions were destroyed over a considerable period of time. There has

calls from \$12. Weighty slaughter calves were scarce.

HOGS—Trading slow in the hog department and all weights and grades suffered a decline of 50c. Demand was particularly narrow for sows with weight. Bulk of the good and choice 180-225-pound barrows and gilts, \$22.75, top. Some grades of 225-250 pounds, \$22.25; 250-275 pounds, \$20.75; 275-300 pounds, \$19.75; 300-400 pounds, \$18.75; 400-450 pounds, \$17.75; 450-500 pounds, \$16.75; 500-600 pounds, \$15.75. Good and choice sows selling 450 pounds and less bulked at \$17.25. A few heavier weights cleared at varying discounts, ranging down to \$15.75 and below.

SHEEP—There was not enough of any one class on offer today to permit an accurate comparison of prices. Quotations for both lambs and ewes held unchanged. A small lot of good and choice woolled slaughter lambs at \$25 and a package of mostly choice woolled ewes, \$11, the top quotation for that class.

Big Car Auto Races On Williams Grove Speedway Sunday, April 11th

The Inaugural Big Car Race of the 1948 season is scheduled on the Williams Grove Speedway for this coming Sunday, April 11. One of the greatest fields of cars and drivers ever assembled on the fast Williams Grove Oval, will compete in a six-race program Sunday. Time trials will start shortly after noon, and the first of five elimination races should get under way shortly after 2 o'clock.

The opening race of the season always attracts the best there is in the racing world, and this year will be no exception. Already entries have been received from more Indianapolis stars than ever assembled on the track for one race. This includes Horn, Holland, Brown, Bettenhausen, Andres, Shafkeford, Chitwood, Light, Himmershitz and a score of other "hot shot" drivers. There will be a free two-hour show in the Park Theatre and Band Concert Sunday afternoon for the benefit of the family and friends of "Race Fans" who might not care to attend the races. 2,500 free seats. Also rides, shows, amusements and "A GREAT MIDWAY."

been no recent heavy fighting in Manchuria.)

Chiang spoke deliberately and seriously. The assemblymen, in deference to his serious mood, withheld applause. He made no mention of the presidency, which he says he wants to turn over to someone else.

6-Month Guarantee

"In North China," he said, "our strength under Gen. Fu Tso-Yi is growing. I guarantee within 6 months to annihilate all Communists below the Yellow river (in Central China)."

Conceding "we have made serious military mistakes," Chiang said his armies are changing strategy. No longer will they try to defend all points, but will concentrate for decisive blows. As he phrased it, the new strategy is one of "big eat little."

He promised, however, to defend not only Central and North China but Manchuria as well, vowing: "In 30 years or 60 years the Reds will not conquer China."

reservations for the banquet will be accepted after April 19. The recommendation of the executive board to send two delegates to the convention was accepted and the delegates will be the county federation president, Mrs. Evans, and Mrs. Emma H. Mehling, chairman of the program committee. It was also voted

to pay the president's expenses to the presidents' banquet at the convention. Mrs. Evans will serve in the capacity of teller at the elections. The president also announced that the club magazine "The Pennsylvania Clubwoman," carried an article about the organization of the Adams County Federation.

Introduce Chairmen
The corresponding secretary, Mrs. Leon H. Gage, and the following department chairmen of the county

federation were introduced by the president: American Home and Citizenship, Mrs. Marvin Breighner; conservation and gardens, Mrs. Harry T. Harner; Education, radio and motion pictures, Mrs. L. C. Kee-fauver; finance, Mrs. Charles H. Smith; fine arts and literature, Mrs. Chester S. Byers; Girl Scouts, Mrs. C. Harold Johnson; organization, Mrs. R. S. Saby; program, Mrs. Emma H. Mehling; publicity, Mrs. Paul E. Altoff; welfare, Mrs. Guile LeFever; and youth conservation, Mrs. John LeGore. Mrs. J. Walter Coleman, speaking for Girl Scout cookies are being sold to finance day camps for the troops of Adams county and there were cookies on sale at the meeting.

Reports of club activities were given by Mrs. Henry Scharf, president of the Gettysburg club, and Mrs. Charles W. Weikert, president of the Littlestown club. An invitation was extended to the group to hold the fall meeting with the Gettysburg club as the hostess club in October. Mrs. Robert Sell, teacher of music in the Taneytown schools, entertained with a piano solo "Chopin's Etude, Opus 10, No. 3."

Mrs. Raudenbush Speaks
Mrs. George King Raudenbush, state chairman of the fine arts, was the guest speaker for the evening and her address concerned the fine arts department. Mrs. Raudenbush explained how a better knowledge of music, drama, and art could be obtained by the club members.

through club activities. She suggested music at each meeting, recommending especially a choral unit and a method of learning true music appreciation. She requested the members of her audience to provide opportunities for others by supporting young artists in the community, not necessarily financially, but by showing interest.

The speaker also suggested that someone from the individual clubs be appointed to survey their communities for art collections or displays and she mentioned that sketching and painting classes could be formed.

In the field of drama, means are "available to bring Broadway to the club meetings," the speaker said. She discussed the children's theatre, how to produce a play, suggesting one act plays for club meetings, and the necessary equipment which can be obtained from department chairmen in the state federation. The speaker closed her address with these words: "Tune in on the infinite good and beauty that are all around, for when you teach a person to understand, you can never teach them to hate" and she quoted a favorite sonnet from Shakespeare.

Mrs. Derek Sings
Mrs. Robert Derek, Gettysburg, presented two vocal solos, "The Nightingale and the Rose" by Rimsky Korsakov and "The Bell Song" from Lakme by Delibes. Her encore was "Come Love with Me" and she was accompanied on the piano by Mrs. Richard Codori. "America the Beautiful" was the closing group song.

The social hall was attractively decorated with cut flowers and palm, with American flag occupying a position of honor on the stage. The refreshment table was set with tea service and lighted candles.

Refreshments were served to the seventy-five women present, cafeteria style, with Mrs. Scharf and Mrs. Weikert pouring. The hostess committee was composed of the officers and department chairmen from the Littlestown club.

Adams County Sportsmen's club assisted in the distribution of the fish. Mr. Weikert also said that Adams county received the best allotment of fish this spring that they have ever received.

Named Land Manager
Charles Lockwood of the Carlisle Fish and Game association was a guest and gave a report on the fish released in Cumberland county. He said that a nice allotment of very nice sizes were released there. Other guests included Mr. Shaffer of Huntingdon, a representative from the Pennsylvania Game commission, and Leo Bushman, Gettysburg, Adams county game protector.

Dr. Riden appointed Bernard Dillman as land manager to care for the tract of land which the association owns in Germany township and upon which they hope to erect their club house. Those who will assist Mr. Dillman are William V. Sneeringer, Walter F. Crouse, Ernest Baumgardner, Melvin Wehler and Charles M. Weikert.

Following the business session, the toastmaster introduced Dr. Leonard L. Potter, a member of the association, who in turn introduced the speaker, Dr. P. C. Leppard of Hanover. Dr. Leppard gave an illustrated address on hunting trips he and friends have taken. The first was a motion picture of "A Moose Hunt in Quebec," which Dr. Leppard in company with Dr. A. W. Grant and Robert Myers, Hanover, took in 1944. The second picture was "An Elk Hunt," which the same group took several years later in Wyoming. The last picture was in technicolor and it dealt with "A Fishing Trip in Canada," taken several years ago by Dr. Leppard and Dr. R. J. Stock, Hanover. Dr. Potter operated the motion picture machine.

was a piece of birchbark which the speaker brought along and stated was made into a megaphone to call the moose while on hunt. He explained the moose calls to his audience. He said that "only males are shot, therefore, the guides gave the female call through this megaphone to attract the male." He further explained that the brush is so thick that a man can't walk through it but the moose can run through it quickly and quietly. The hunters and guides are on the lakes. By the female call, the male comes to the water's edge where they are shot.

The elk hunt picture dealt with a hunt on the Continental Divide. On this trip, Dr. Leppard shot an elk. He said the antlers had a record spread for the United States during that year.

After the address several of those present received awards. They were as follows: Henry Storm, an automatic reel; Dr. Joseph R. Riden, a reel; H. M. Dutta, a leading net; Brooks Herring, a fly line; Vaughn Carbaugh, a nylon casting line and E. H. DeGroot, a fly box.

The committee that arranged this banquet included, Harry O. Harner, Henry Storm, James U. Bowers, Harold S. Roberts, William H. Renner, Harold Sparver and Dr. Leonard L. Potter.

Congress, White House Speed Machinery To Bolster National Defense Program

ATTENTION IS CENTERING ON AIR STRENGTH

Washington, April 9 (P)—Congress and the White House geared up machinery today to pump men, money and material into the broadening defense program.

Although major attention was centered on boosting the nation's air power other moves followed the lines laid down by Secretary of Defense Forrestal. He cautioned Congress not to build up one military arm at the expense of any other.

"National security demands balanced forces," the secretary declared, adding "dollars alone do not guarantee the delivery" of military goods.

Draw Draft Bill

These were highlight developments along the lengthening preparedness front:

1. The House Armed Services committee drew up a draft bill requiring registration of all men 18 through 30, but making only those 19 through 25 liable for two years' service.

Veterans with a year or more war service would have to register, but would be exempt; those with 90 days, but less than a year's service also would be exempt if they join reserve units of the army, navy or air forces.

Forrestal who will testify at opening hearings Monday proposed much the same legislation, but his called for registration on men up to 45.

2. The House Appropriations committee raced into hearings on a bill to pour \$725,000,000 into a warplane expansion drive. Forrestal put the "highest priority" label on these funds for the air force and fleet aviation. Chairman Taber (R-NY) is speeding action to have the bill ready for House consideration Tuesday.

3. The White House told the War

ZONE OF DISPUTE—Black area indicates the U.S.-British zone and shaded section the Yugoslav area in the Free Territory of Trieste. Great Britain, France and the United States have proposed the return of Trieste to Italy.

Assets Administration to hold up final disposition of unsold industrial plants, machine tools and other equipment needed for war production. The stop-order was issued to permit the munitions board to survey the items in the next 30 days. The board already has put 150 major plants under the national security clause requiring them to be so kept as to be reconvertible to war use in 120 days.

4. Secretary of Navy Sullivan said President Truman will ask Congress to boost merchant ship building

funds from \$39,500,000 to \$100,000,000. The added money would be for new vessels suitable for troop transport and for an increased tanker fleet.

5. Mr. Truman asked Congress to increase the export-import bank's lending authority by \$500,000,000 to finance further economic development in Latin America.

New York (AP)—Of American babies, more than 67 per cent have blue eyes, about 20 per cent brown eyes, 10 per cent gray or green, and 3 per cent other colors.

NATIONAL GUARD HITS NEW PEAK

Harrisburg, April 9 (P)—The Pennsylvania National Guard is now at its greatest peacetime strength in history.

Brig. Gen. Frank A. Weber, state adjutant general, made the announcement today in reporting the total enrollment of officers and enlisted men has reached 12,113.

The National Guard bureau at Washington has set a quota of 15,970 to be reached by June 30, Weber disclosed. The ultimate troop allotment for Pennsylvania to be accomplished in successive stages is 40,000.

"While the unsettled world conditions may have accelerated enlistments in other states," he said in a statement. "We do not believe that has been responsible as yet for our steady growth in Pennsylvania."

The adjutant general attributed the rise to "active recruiting campaigns" in the 28th Division and

GE Expects Series Of Labor Troubles

New York, April 9 (P)—General Electric company officials expect GE plants in various parts of the country to be hit, possibly today, by a series of labor demonstrations and perhaps work stoppages.

George H. Pfeif, head of the company's Employee Relations Division, said the disorders were foreseen as a protest against the company's resistance to union wage demands. Pfeif has represented the company since March 2 in wage negotiations with the CIO United Electrical Workers.

Commenting on Pfeif's prediction

51st AAA Brigade commands, the PNG's two biggest components.

At the same time, Weber announced an air-to-ground gunner range has been set up at the Indian-town Gap Military reservation for P-47 pilots of the PNG's air unit. Four fighter squadrons of the 53rd wing stationed at Reading will renew their shooting skills at five panel targets near the artillery range.

of labor demonstrations, Joseph Dermody, international representative of the union, said yesterday a "growing restlessness and impatience" among GE workers would not be surprising.

He said the company and union had been deadlocked on major issues for more than a month, and that the company has "carried on an active campaign recommending 'austerity living' to its employees" rather than agreeing to union-sought wage boosts.

Huge Numbers Are Idled By Strike

Pittsburgh, April 9 (P)—Here was the picture today of industrial effects in the 26-day-old soft coal walkout:

Total idle workers in allied industries: 164,000 including 27,000 anthracite miners out in sympathy strike.

Steel: at least 51,000 idle in basic steel plants, 3,500 in fabricating plants; 37 blast furnaces banked, 104 open hearths shut down.

Transportation: 70,000 railroaders,

plus 1,200 to 1,500 seamen and rivermen.

91 Candles On The First National Bank's "Birthday Cake" !

Candles of Faith

Candles of Security

Candles of Clear Purpose

Candles of Community Cooperation

NOTE: There are many candles on the birthday cake of the First National Bank, as we celebrate our 91st Anniversary. However, we do not want you to think of them as candles of mere wick and tallow. Please think of them as symbols of principles upon which the First National Bank has been operated from its opening day to today.

The First National Bank has stood solidly on Center Square since 1857. A parade of events almost a century long has filed past our doors.

There have been days when the life of the nation and of civilization itself seemed to be threatened. But we have held steadily in front of us a little candle of faith. We have never doubted that in the end light would overcome darkness.

A second candle has shed its light for us on the road ahead—the candle of security. We have always said that individual thrift, good management, and sensible living give a nation its strength and prosperity. We know that this is true today.

Then there is the candle of clear purpose. None of us can hope to drift to successful accomplishment. We must aim and plan; dream and then realize the dreams.

The First National Bank has always been ready to back with proper credit the sound plans of responsible firms and individuals, provided only that economic conditions were such as to favor the success of these plans.

Finally, we should like to speak of the candle of community cooperation. From the beginning, the First National Bank has worked consistently for the development of home interests.

Adams County is rich in natural resources. The seeds of success lie in its soil and in its people. It has been the privilege of the First National Bank to work in cooperation with the farmers, fruit-growers, merchants, wage-earners, and others to develop the abundant wealth of this region.

After 91 years, we can still see endless opportunities ahead of us, and we pledge you the best that is in us to help realize for all of us our dreams for tomorrow.

VANDENBERG MAY INFLUENCE NEBRASKA VOTE

By JACK BELL
Omaha, April 9 (AP)—The possibility developed today that Senator Arthur Vandenberg—who says he isn't running—may influence the result of Nebraska's GOP Presidential primary.

Vandenberg is one of seven whose names have been entered in next Tuesday's voting. Nebraska Republicans will say then what man they would like the party to nominate for President at the June Philadelphia convention.

The Michigan senator isn't campaigning. In fact, he tried to get his name withdrawn. This was in line with his repeated statements that he isn't a candidate and will not "connive" in a draft movement.

Among Top Four
But Nebraska politicians who know their way around say there is some strong sentiment in the state for the chairman of the Senate foreign relations committee.

These politicians do not suggest that Vandenberg, without any campaign or any organization and without being a candidate, can top the list of possible nominees in the balloting here.

But they do contend that he is likely to be among the top four. The three leaders generally are expected to be Harold E. Stassen, Governor Thomas E. Dewey of New York and Senator Robert A. Taft.

Besides Vandenberg, the names of Gen. Douglas MacArthur, Gov. Earl Warren and House Speaker Joseph Martin will appear on the Tuesday ballot. None of the latter has made a campaign, although Warren made one speech in the state.

Last Ditch Fight for Dewey
MacArthur, who gathered in eight delegates to Stassen's 19 in Wisconsin, is not looked upon as much of a factor in the contest here.

Where in Wisconsin it was a case of Stassen fighting for his political life, now it is a case of Dewey making a last-ditch fight.

Dewey's supporters conceded privately that unless the New York governor tops the list here, he will be out of the running for the GOP nomination. The effect of two defeats in a row, they said, would cost him the secondary—and even some primary—support among delegates he needs to win the nomination.

More than half of Fascist Italy's ships were built in Trieste and nearby Monfalcone.

Grand Jury Probes Sales Of Passports

Philadelphia, April 9 (AP)—A Federal grand jury was called today to hear testimony into the alleged sale of illegal passports in the Philadelphia area.

Fourteen witnesses have been called to testify in the probe which was ordered by U. S. Attorney General Tom C. Clark. Most of the witnesses to be examined today are Chinese.

Federal investigators have indicated that most of the passports allegedly sold, were issued to Chinese. The agents said some of these passports were used to bring Chinese into this country illegally while others were used for a variety of illegal purposes, including opium smuggling.

Two special assistant attorney generals, William F. Delaney and Carl P. Pattavina, arrived yesterday to confer with Federal authorities here on plans for the conduct of the investigation.

FREE-LANCE MINING

Harrisburg, April 9 (AP)—Free-lance mining in Pennsylvania's anthracite region is showing a sharp postwar resurgence. A new report disclosed today by the state mines department also indicated the depression-born industry continues as hazardous as ever.

In the two years since World War II, the number of coal holes jumped from 455 to 759. Employment in the tiny pits increased from 1,663 men to 2,524 in the same period.

REDS GET BULK OF REPARATION

Berlin, April 9 (AP)—Russia and her satellites have grabbed the lion's share of industrial reparations from the U. S. zone of Germany, Gen. Lucius D. Clay, said in his monthly report Thursday.

The American military governor said the U.S.S.R. and Czechoslovakia, Yugoslavia, Poland and Albania, have received 63 per cent of the reparations. He based his reckoning in monetary value.

Clay said that in the first two years of the reparations program these countries received from American occupation zone factories 74,783,297 marks worth of equipment. The prewar mark was valued at 40 cents.

This was nearly twice as much as was delivered to 12 western allied nations, which up to March 1 had received equipment with a combined value of 42,412,313 marks.

Russia alone collected about 30 per cent of the total—36,113,245 marks worth.

This is the way he listed value for the satellites: Poland, 8,845,672 marks; Yugoslavia, 22,232,942; Czechoslovakia, 7,003,285; Albania, 588,153.

Valley Forge, Pa., April 9 (AP)—Members of the Pennsylvania Federation of Junior Historians got a first hand view of one of the country's most famous spots yesterday.

Predicts Molotov Ouster Possible

London, April 9 (AP)—News Review, a weekly magazine, says the ouster of V. M. Molotov as Russian foreign minister "may shortly have to be considered as a possibility." There was no confirmation of this report in other quarters Thursday. Some students of Russian politics classify Molotov as the No. 1 candidate for Prime Minister Stalin's job when Stalin dies.

News Review said Molotov's program was criticized at a February meeting of the Politburo, but Molotov later received a vote of confidence. The Politburo, headed by Stalin, includes the top leaders of the Soviet Union.

News Review gave no source for its information, but said "not much reliable information seeps through the iron curtain."

AMUSEMENT TAX LEVY

Reading, Pa., April 9 (AP)—Muhlenberg Township last night became the first Berks county community to take advantage of the new state amusement tax law. The township, largest in Berks county, passed a 10 per cent ticket tax resolution, expected to yield a large revenue from the Reading Fair grounds, a public swimming pool and other amusement establishments within the community.

Approximately 100 high school students and 25 faculty advisors from Bucks, Chester, Delaware, Montgomery and Philadelphia counties held a meeting in the Washington Memorial chapel and library.

Report Racial Fight In Korea

Tokyo, April 9 (AP)—The newspaper Asahi reported that military policemen were rushed to Inuyama, near Nagoya, to break up a knife fight between 300 Japanese and Koreans.

A Korean was reported killed and at least seven men stabbed. The bitter racial battle broke out after a stabbing.

Three men were killed in a Japanese-Korean scrap Monday night at Hamamatsu City in Shizuoka Prefecture.

FIRE IN SHIPYARDS

Camden, N. J., April 9 (AP)—Fire destroyed a series of catwalks and damaged a number of offices early today at the vast New York Shipbuilding Corp., yards along the Delaware river waterfront. Deputy Fire Chief Charles Erickson of Camden ordered a second alarm at 1:30 a. m. on his arrival at the scene but a half hour later announced the "fire was under control."

Gettysburg Times To Sponsor Two Sessions Of New Cooking School In Littlestown, May 3, 4

Two evening sessions of The Gettysburg Times cooking school will be held in Littlestown for women of this community and adjacent areas on May 3 and 4, featuring cooking and home-making lectures by Mrs. Nancy Rowe, nationally-known authority on these subjects. The sessions will be held, beginning at 7:30 o'clock each of the two evenings, in St. Aloysius auditorium.

Mrs. Rowe is no stranger to Adams county. Before the war as a member of the staff of the Home Economics service corporation, she returned at the last Times cooking school before the war created food and other shortages and caused cancellation of these annual events. The last school held in Gettysburg was in 1941.

Has New Features

Better homemaking ways have always been the professional aim of Mrs. Rowe, and through the years she has added to her knowledge of that art by extensive study and research. After acquiring a comprehensive understanding of dietetics and health standards, Mrs. Rowe turned her activities toward improving the laws regulating the labeling and selling of foods, and the law which affected the safety, welfare, education and working age limits of children. She lectured widely on these subjects, meeting hundreds of women and addressing clubs, home-making, health and welfare groups. Her reputation as a lecturer brought increasing demands for this type of work in the United States and Canada. During the war years, Mrs. Rowe gave her services to the organizations dealing with the welfare of children. Since the war she has been consumer consultant on new products and new appliances, and has resumed her homemaking lectures with emphasis in "the new look" in homemaking.

Uses County Products

An innovation of the cooking school, both in Gettysburg on April 27, 28, 29, and 30, and at Littlestown on May 3 and 4, will be the use, wherever possible, of Adams county products. Mrs. Rowe will select these

county products personally, and will use them in her cooking demonstrations.

Ten food baskets will be given away each evening at Littlestown, and in addition there will be more than 15 major awards in addition to the preparations made by Mrs. Rowe. Each person attending the cooking school will have an equal opportunity with each other person to receive one of the awards.

Tickets will be given to those who attend the cooking school upon their arrival at the sessions. The stubs will be deposited at the cooking school, to eliminate the inconvenience of past cooking schools of depositing stubs with various merchants.

The cooking school will be conducted by The Gettysburg Times as a civic enterprise for the benefit of the women of the community, and in response to numerous requests. There will be no charge for admission, and all women are welcome.

Abigail Kammerer Society Meets

Mrs. Claude Miller, near town, was hostess to the Abigail Kammerer Missionary society of St. Paul's Lutheran church for their April meeting on Wednesday night. The devotion and lesson were in charge of Mrs. Charles Ritter. The theme of the evening was, "The World to Christ We Bring, through Teaching." This program was given as a world radio broadcast with voices from the missionaries, which characters were portrayed by the members of the society. The first chapter of the Mission Book, "Committed unto us," was discussed.

Mrs. Claude Miller, the president, was in charge of the business. India Lace Day will be observed at the church service, Sunday, May 16. Contributions will be given to its support. Clothing will be received at the church during the next few weeks to be packed and sent to Lutheran World Relief.

It was announced that the Ad-

WOMEN'S GUILD HOLDS MEETING

Seventeen members were present on Wednesday evening for the monthly meeting of the Women's Guild of Christ Reformed church in the Sunday school room. The devotions were in charge of the president, Mrs. Ralph Unger. Following a song service, the 12th chapter of Romans was read by Mrs. Stanley R. Sell as the scripture lesson and Mrs. John C. Brumbach offered the evening prayer.

Mrs. Clair R. Markle presented the secretary's report and the treasurer's report was presented by Mrs. Harry E. Bair. The following contributed to the birthday box: Mrs. Orville C. Sentz, Mrs. Harold Shoemaker, Mrs. Isaiah J. Porry, and Mrs. Leroy Garret.

It was announced that the Seventh Annual meeting of the Nevin Regional Guild will be held in Grace Reformed church, Hanover, Wednesday, April 21, with sessions beginning at 9:30 a.m. and 1:15 p.m. The speaker will be Miss Kathryn Kline, chairman of the Reformed National Youth Cabinet and also the United Christian Movement, who will talk on her trip to and experiences at the Youth Conference last summer in Oslo, Norway. There will be a box lunch at noon with the hostess church serving dessert and coffee. Those from the local Guild that will attend are Mrs. Ralph Unger and Mrs. John C. Brumbach, who will attend by virtue of their office in the Guild and Mrs. Erwin A. Rebert and Mrs. Harvey Schwartz will attend as delegates.

Mrs. Unger and Mrs. Brumbach presented readings on "Missions and Missionaries."

The group discussed the desirability of forming a flower guild that will endeavor to have flowers in the church every Sunday. Those placed on the flower guild committee are Mrs. Erwin A. Rebert and Mrs. J. C. Brumbach, co-chairmen. Mrs. Harold Shoemaker, Mrs. Leroy Garret, Mrs. Mervin L. Myers and Mrs. Stanley R. Sell.

The meeting closed with the prayer from the prayer calendar.

SCHOOL CALENDAR

The sophomores will present an assembly program on Wednesday.

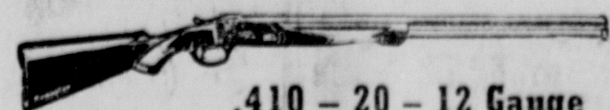

Adams District Missionary Conference will be held Tuesday, April 13, in Christ Lutheran church, Gettysburg. The delegates chosen to represent the society at this conference include Mrs. David S. Kammerer, Miss Vivian Brumgard and Mrs. M. Bucher.

The next meeting will be held Monday, May 3 at the home of Mrs. Paul Kammerer, Hanover. Mrs. Robert Snyder will be the leader.

The Brotherhood of St. John's Lutheran church, the Rev. Kenneth D. James, pastor, will enjoy dart baseball following their monthly meeting next Wednesday, 7:30 p.m. in the social hall. The program committee will consist of Noah Strevig, and Kenneth Bortner. The Refreshment committee includes Raymond Reed, Kenneth Miller and Preston Myers.

A public 500 card party will be held tonight at 8 o'clock by the Mason and Dixon Memorial Post No. 6954, V.F.W., in the post home, West King street. A number of prizes for the occasion have been donated by the merchants of the community.

It's NO. 1 on the "It" Parade

It's much the same way with cars as with people.

Some "have it" — some don't.

Some you go for, all out — without quite being able to lay a finger on why. And those — well, they usually become your firmest friends.

What is it that makes so many good folks say this trim honey's "got it"? Good looks? One has to admit it's nice to ride in a car that is unmistakably itself and not just a slightly modified version of something else.

Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there just is no substitute for brawn and solid substance.

Power? Naturally. You can't sit long behind this big Fireball straight-eight without falling for it plenty hard.

Handling? Ride? Room? They all have their avid fans among Buick owners. Especially now with a completely new kind of engine mounting ironing out vibration build-up as never before, and in this Convertible model, with automatic top, door-window and front-seat adjustment.

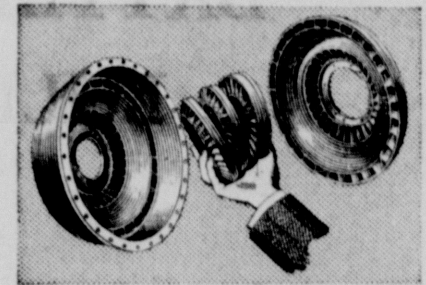

Is it the wonderful new Dynaflo Drive* that's causing so much talk?

In ROADMASTER models that is certainly a big factor. You'll never know how silky smooth a drive can be — what fluent new ease there is to all your going — till you drive the car where liquid

replaces both the clutch and first, second and high gears.

But as nearly as we can find out — and we talk to a lot of people — it isn't any one thing that puts Buick at the top of the "it" parade. It's the over-all richness of this honey in all the things you've dreamed of finding wrapped in an automobile.

Ask any friend who drives a Buick — then see your dealer and get a firm order in, with or without a car to trade.

WHAT'S DIFFERENT ABOUT DYNAFLO DRIVE*?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boasting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

*Optional at extra cost on Roadmaster models only.

Shoemaker Opens Service Station

W. D. Shoemaker, of Littlestown, today opened his new service station along the Gettysburg-Littlestown road, four miles northwest of Littlestown and six miles southeast of Gettysburg.

The opening of the station marks culmination of a plan begun in 1946 when ground was broken for the new 54 by 75 foot building located on a 12 acre plot of ground and which will be both a retail and a wholesale distributing point for Socony-Vacuum petroleum products for most of Adams county.

Today marks the opening of the retail end of the business. Tanks to hold 75,000 gallons of gasoline and oil are located on the property. Space is provided in the structure for bus and truck storage besides program committee consists of Mrs. Goldie Bittle and Mrs. Edward Breighner.

St. Aloysius church, the Rev. John H. Weber, pastor. BUILD THRIFTY CHICKS

Eshelman

RED ROSE STARTING FEEDS

If you've bought well-bred chicks this year, that's a good start. But what counts is the number of thrifty birds you raise.

Let Red Rose Starting Feeds do their part in laying the important foundation for the sturdiness and resistance that mean so much with growing birds. Build thrifty chicks the proved Red Rose-way. Thrifty chicks are profitable chicks.
